

# GURLEEN KAUR

+91-9779391095 | Amritsar, Punjab -143115, India

[kaurgurleen.gk26@gmail.com](mailto:kaurgurleen.gk26@gmail.com) | [Linkedin](#) | [Github](#) | [Portfolio](#)

## SUMMARY

I am a motivated Computer Science undergraduate with hands-on-experience in programming, problem-solving ability, data analysis, and software development fundamentals. Looking for an entry-level role where I can contribute to meaningful projects, build practical skills, and continuously learn in a collaborative environment.

## EDUCATION

### Chandigarh University

Bachelor of Engineering in Computer Science | CGPA: 8.19

Mohali, Punjab

2022 – 2026

### Bhavan's SL Public School

12th - Non Medical (CBSE) | Marks: 92.2%

Amritsar, Punjab

2021 – 2022

### St Francis Convent School

10th- Matriculation (ICSE) | Marks: 87.2%

Amritsar, Punjab

2019 – 2020

## PROJECTS

### Mini CRM Platform | *Next.js, MongoDB, Tailwind CSS, Node.js, Express.js* | [LINK](#)

- Designed and implemented **RESTful APIs** for campaign creation, filtering and lifecycle management.
- Integrated **secure authentication** using **Google OAuth** (NextAuth) for concurrent user sessions.
- Deployed on **Vercel** and **Render** with persistent data storage and scalability on MongoDB Atlas.

### Seasonal Sales Dashboard | *Python, Pandas, NumPy, Seaborn, SQLite, Streamlit* | [LINK](#)

- Built an interactive dashboard enabling dynamic CSV uploads and **SQL querying** to track KPIs.
- Cleaned and processed datasets and created real-time data visualizations for exploratory data analysis.
- Deployed on **Streamlit Cloud** for global access.

### Group Chat Application | *Java, Socket Programming* | [LINK](#)

- Developed a desktop based **client-server chat system** using TCP sockets with concurrent client handling.
- Applied multithreading and stream-based I/O for real-time message delivery.

## TECHNICAL SKILLS

- **Programming Languages:** C++, Java, Python
- **Backend Development:** MySQL, PostgreSQL, SQL, RESTful APIs
- **Frontend Development:** HTML, CSS, JavaScript
- **Data Analytics:** Pandas, NumPy
- **Data Visualization:** Matplotlib, Power BI
- **Software Tools:** Google Colab, Postman, Excel, Powerpoint, VS Code, IntelliJ
- **Version Control:** Git, GitHub
- **Coursework:** Object-Oriented Programming, RDBMS, SDLC

## ACHIEVEMENTS

- Secured **Global Rank #89** in Naukri Women's Day Coding Challenge 2025.
- Competed in **Accelerate Her in Tech** - A Student Hackathon.
- Awarded **Merit Certificate** in Naukri Campus Young Turks 2025.
- Subject Topper – Informatics Practices (Class 12th).
